Objective:

Motivated B.Sc Computer Science graduate and passionate Front-End Developer Fresher. Hands-on experience in building modern, responsive, and user-centric web applications. Bringing 2 years of professional industry experience with strong analytical thinking and problem-solving abilities, seeking to contribute effectively to a dynamic development team.

Work Experience:

OBJECTWAYS TECHNOLOGIES PVT LTD, KARUR

Designation: Senior Analyst

(Jun 2024 to Aug 2025)

- Performed 2D/3D annotation and comprehensive data analysis for LiDAR datasets in autonomous vehicle projects.
- Created high-precision bounding boxes, semantic segmentation, and polygon labeling for machine learning and AI training models.
- Collaborated closely with cross-functional technical teams to maintain exceptional data quality standards and ensure on-time delivery.

Tools & Environments Handled:

- Platforms – Labelbox, CVAT, napa (3D)
- Annotation Types – 2D/3D Bounding Boxes, Semantic Segmentation, LiDAR Point Clouds

OBJECTWAYS TECHNOLOGIES PVT LTD, KARUR

Designation: LiDAR Specialist

(Jun 2023 to Jun 2024)

- Processed dense 3D LiDAR point clouds for high-definition autonomous vehicle mapping and navigation systems.
- Ensured strict data accuracy benchmarks through multi-level systematic quality verification workflows.
- Assisted in optimizing internal data pipelines and provided guidance and training to new incoming team members.

Technical Skills:

- Front-End Technologies: HTML5, CSS3, JavaScript (ES6+), React.js, Bootstrap
- Web Styling & Design: Responsive Web Design, Flexbox, CSS Grid
- Tools & Version Control: Git, GitHub, VS Code
- Professional Skills: Analytical Thinking, Problem Solving, Team Collaboration

Key Projects Handled:

- **Chat Application Interface (React.js):**
Built a modern front-end chat interface using React.js with component-driven UI architecture, responsive input handling, and conversation state management.
- **Country Info Application (React.js):**
Developed an interactive client-side web application in React.js featuring real-time country search, region-based filtering, and dynamic cards displaying population, region, and capital details.
- **Interactive Music Player (HTML5, CSS3, JavaScript):**
Built a customized audio player using HTML5, CSS3, and JavaScript featuring playback controls, playlist navigation, and live progress bar tracking.
- **Quiz Application (HTML5, CSS3, JavaScript):**
Developed an interactive quiz interface with HTML, CSS, and JavaScript supporting dynamic question rendering, score calculation, and instant validation.
- **Event Booking Landing Page (HTML, CSS):**
Created a responsive landing page layout using HTML and CSS with modern event schedules and reservation forms.
- **Software Institute UI (HTML, CSS):**
Designed a structured academic interface using HTML and CSS showcasing hero banners, course listings, and clean UI navigation.

Academic Details:

- **Bachelor of Science (2020 – 2023):**
Jairams Arts and Science College – Specialization: Computer Science – Percentage: 80%
- **HSC / 12th State Board (2019 – 2020):**
Nehruji Govt Higher Secondary School, Idayakottai – Percentage: 55%
- **SSLC / 10th State Board (2017 – 2018):**
Nehruji Govt Higher Secondary School, Idayakottai – Percentage: 80%

Languages Known:

- Tamil, English, Telugu

Declaration:

I hereby declare that the above informations and facts are true and correct to the best of my knowledge and belief.
